Company Brief Introduction

Our company (ERZODA) has decades of front-line experience in commerce, manufacturing and retail, the company is developing rapidly, and it has established, operated a tens of millions of dollar business.

The core difference between ERZODA trailers and other food trailers on the market is that we have our own factory (6000 square meters), we have a strong team, and our trailers can be customized to meet your various needs.

Company philosophy: trust-oriented and the pursuit of excellence

Ningbo Erzoda Machinery Technology Co., Ltd, is full of vigor and vitality, and we have a firm confidence for future.

FOOD TRAILER

Production case

How to customize a food trailer

-First consider how many people will be working inside the trailer

•The more people working inside the trailer, the larger the size needed, if there are questions about this, you can contact us

-Plan what kind of business the trailer will be running (food or other)

•Different businesses need to be matched with different features, if you plan to make food, additional kitchen equipment is needed

-What additional equipment is suitable for you

•Trailer needs water, electricity, and some storage drawers, trash cans are essential

-How to get the final price

•After confirming all the above information with us, we will provide you with a quote

-How to confirm that these features are suitable for you

•We will provide you with 3D design drawings with your requirements, so you can see the details clearly

-Transportation and delivery time

•The trailers usually would be transported by ship, in some countries can also transported by rail
Delivery time varies for different products and quantities, it can be confirmed with us
